Sir:

Applicants respectfully respond to the request for clarification contained in the Notification of Missing Requirements dated October 25, 2006, a copy of which is attached hereto.

The typed name of the inventor on the Declaration is incorrectly spelled due to a clerical error and should appear as it does in International Application Publication No. WO2004/107529A1.

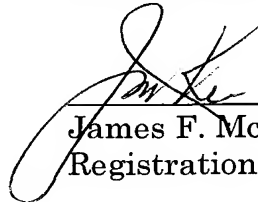

The discrepancy between the name of inventor "Nemoto," who appears as "Memoto" on the Declaration filed in the instant application, was due to a typographical error and does not represent a change in inventive entity. It is clearly indicated by the inventor on the Declaration that his full name is -- Kakano Nemoto -- as it appears in the referenced publication of the international application.

If there are any questions regarding this response or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application for all concerned.

If necessary to effect a timely response, this paper should be considered as a petition for an Extension of Time sufficient to effect a timely response, and please charge any deficiency in fees or credit any overpayments to Deposit Account No. 05-1323 (Docket # 056207.57001US).

Respectfully submitted,

October 31, 2006
